ABOUT CANTERBURY FOUNDATION

Canterbury Foundation has given the “Promise of Home” to Edmonton seniors for over 40 years. We are an accredited resident/family centred non-profit organization that offers three retirement living options, a variety of healthcare services, recreational programs, and a wide range of amenities. All of these details contribute to providing a home where seniors can experience a high quality of life, feel comfortable, safe and part of a vibrant community.

As the population of Edmonton seniors continues to grow, and the average income for seniors decreases, there is a significant need for more advanced, affordable and home-like care options. While more seniors are choosing to stay in their own homes, too often they are not able to stay healthy, live safely, and confidently access their surrounding amenities and services. Furthermore, when it comes time for end-of-life care, seniors in Edmonton – and their families - have limited options. Dementia is another growing concern for present and future generations of seniors, currently with over 40% of residents (over 135 residents) living with Alzheimer’s or other cognitive impairment at Canterbury Foundation.

Your support of the 3rd Annual Charity Golf Tournament will allow Canterbury Foundation to meet the needs and growing concerns of the aging population in Edmonton. We thank you for your support in this process!
